

SOUTH FEDERAL IMPROVEMENTS: GREEN INFRASTRUCTURE PROJECT

OPEN HOUSE

Following the recommendations for the 2017 Federal Corridor Report, the City and County of Denver Department of Public Works, in cooperation with the Colorado Department of Transportation, will be designing and building water quality facilities along South Federal Boulevard, from West Alameda Avenue to West Mississippi Avenue.

The Green Infrastructure Project is one of several projects that will be transforming South Federal Boulevard over the next couple years. Please join us at our October 25th Open House to learn more about the project, ask questions, express concerns, and provide comments.

Representatives from other South Federal Boulevard Corridor Improvement projects will also be present to answer questions and listen to community feedback.

OPEN HOUSE

October 25, 2018

All Saints Catholic Church – Parish Hall
2559 South Federal Boulevard, Denver, CO 80219

5:30 pm – 7:30 pm

Vietnamese and Spanish translators will be available at the meeting. If you need disability assistance (large print, sign language interpreter, etc.) please call 303-900-7701 at least 72 hours prior to the meeting.
